

## Thanks for helping mock trial team

This letter is to express gratitude that the Beaufort High School Mock Trial Team has for attorneys Jim Brown, Joel Bailey and Stacey Canaday for the assistance rendered before this year's regional and state competitions.

The Beaufort High School Mock Trial Team missed representing South Carolina at the national competition by one point by one attorney Judge. However, we did not come home empty-handed.

The Beaufort High team set two South Carolina Bar Mock Trial records.

Brown's advice on our motion proved exceptional and Bailey's advice about courtroom procedure and opening statements helped us establish much stronger cases. Certainly, our participation would have been difficult without the assistance of Canaday and the Young Lawyers Association.

We thank these attorneys and believe they should share in our setting two new state records.
